

guide to...

SnapChat

What is it?

- Photo/video sharing app directly to friends or to a 'story' for 24 hours
- Available on IOS and Android

Features

- Location sharing on 'SnapMap'
- Messages disappear after a few seconds
- Filters

Age Rating:
13+

Be careful of:

- Exposing your child's exact **location**
- **Addictive** 'snapstreaks'
 - **Sexting**
- **Extras** that encourage increased screen time (games, news etc.)
- Damage to **confidence** through filters and lenses

[Parental Controls](#)

Child Tips:

- Use '**Ghost Mode**' to hide location
- **Report** a story, lens or message that's inappropriate
- **Restrict** who can view your story

Parent Tips:

- **Discuss** the risks of sexting with your child
- Turn off '**Quick Add**' to hide profile from strangers
- Encourage your child to **delete** any negative messages
